<sup>&</sup>lt;sup>+</sup>CHC quality measure captured by the Uniform Data System

<sup>&</sup>lt;sup>1</sup> The Affordable Care Act guarantees coverage of free preventive care for over 150 million privately insured Americans as well as people insured under the adult Medicaid expansion. Covered procedures are those adopted by the HHS Secretary once identified by expert advisors. These experts are the Health Resources and Services Administration (HRSA) which oversees child health measures (Bright Futures) and women's health measures (WPSI), the Advisory Committee on Immunization Practice (ACIP) and the U.S. Preventive Services Task Force (USPSTF)
